**You must order your DVD prior to your performance. If we don't receive an order form and payment you will not be taped.**

DVDs will be burned on site and will be available about 2 hours after your performance. Every professional effort will be made to have the DVD in your hand as you leave the festival, but those who perform in the last 60-90 minutes of the evening may not get their DVDs the same day. Those at the end of the day Saturday can pick up their DVD Sunday morning, and those at the end of the day Sunday will have their DVDs mailed to them with the week.

Your performance will be captured on a professional, broadcast-quality TV camera and filmed by an experienced camera person who understands the dance. Every effort will be made to give you the highest quality DVD possible. In the unlikely event that there is a technical problem on our end, we will give a full refund on the spot. But it is important to be aware that there are many variables in live performance settings and we cannot be responsible for things that are beyond our control.

We are aware that you may wish to put the content of this DVD on YouTube or use it for promotional purposes. By signing below you are acknowledging that you take full responsibility for securing any music rights or other permissions needed to do so. Michelle Joyce is simply providing the service of videographer and is not responsible if the footage is used in any way that violates copyright laws or the privacy of any other dancers/musicians who appear on stage with you.
